EXHIBIT 7

Urnited States District Court Southern District of New York

United States of America,

-against-

Carolyn A. Mintus, Shmuel Rabinowitz, Peter Bucher, Mark A. Cappozzi, and Elizabeth Miller Kummerfeld,

Defendants.

00 CR. 49 (KMW)

Declaration of Gerald E. Ross in Support of Application of Defendant Elizabeth Miller Kummerfeld to Modify Travel Restrictions

STATE OF NEW

SS.: YORK

COUNTY OF NEW

YORK }

Gerald E. Ross deposes and says:

1. I am the attorney for Elizabeth Miller Kummerfeld, a defendant in the above captioned matter. I make this declaration pursuant to Title 18, U.S.C. §3142 in support of her application for amendment of the conditions of her bail to permit her to travel abroad for a few days at the end of this month. Mrs. Kummerfeld wishes to travel to London and Paris from October 25 through November 3, 2000 to participate in an important meeting of the American Academy of Achievement being held in London, and to meet with persons in France with respect to planning the 2001 meeting of the Academy of Achievement. If permitted to go, she will also have an opportunity to see her daughter and grandson.

The Charges Against Kummerfeld

2. Mrs. Kummerfeld has no prior criminal record. She now stands charged under Title 18 U.S.C. §1343 with conspiracy to commit wire fraud because she is claimed to have introduced a potential investor to the principal defendant in this case, Ms. Carolyn Mintus. The allegations of the indictment, if assumed to be true, show that her participation in the

- alleged conspiracy to commit wire fraud is probably unknowing and certainly minimal.
- 3. The indictment alleges that a total of seven unidentified "investors" were solicited by various defendants to place funds with defendant Mintus to invest in allegedly fraudulent high yield investment opportunities. Six of the seven investors are alleged to have placed hundreds of thousands and even millions of dollars with Ms. Mintus. Kummerfeld is charged with soliciting Investor # 6, but there is no allegation that she did anything other than describe Mintus' investment "program" to investor #6 or that he or she actually placed any funds with Mintus or that he or she even contacted Mintus. There is no allegation that Mrs. Kummerfeld had any knowledge or even suspicion that the Mintus investment program was fraudulent.
- 4. Although Kummerfeld is said to have conspired with Mintus to perpetrate the alleged fraud, the only overt acts alleged against her are the apparently unconsummated "solicitation" of Investor #6 and the receipt by Kummerfeld Associates, Inc., a corporation of which she is president, of three payments of money. Those payments are not alleged to be connected to any of the acts alleged in the indictment. There is no allegation that the payments are improper or intended as a reward for criminal behavior. There is no claim that Kummerfeld knew the source of the payments allegedly made to Kummerfeld Associates, Inc. It is not even alleged that Kummerfeld benefitted personally from the payments to Kummerfeld Associates, Inc.
- 5. Moreover, Kummerfeld is not associated in any way with any of the money laundering charges in the indictment. Mrs. Kummerfeld maintains that she is innocent of any crime.

The Government has not Proved that Kummerfeld Presents a Risk of Flight

6. Mrs. Kummerfeld is clearly entitled to pre-trial release. The Court is required by statute to set the "least restrictive" conditions that it

determines will "reasonably assure the appearance of the person as required." (18 U.S.C. §3142(c)(2)). The only basis for confiscating Mrs. Kummerfeld's passport and restricting her freedom to travel is that the Court made a finding of fact that an unrestricted pre-trial release under 18 U.S.C. §3142(b) "will not reasonably assure the appearance of the person as required" (18 U.S.C. §3142(c)). With respect, for the reasons set forth herein, I submit that the Court should reverse its prior conclusion and permit Mrs. Kummerfeld to travel abroad.

- 7. The Court has been informed by prior counsel that Mrs. Kummerfeld has been a resident of New York City for almost thirty years. She and her husband, Donald David Kummerfeld reside at 106 Central Park South, in New York City, and have been active in the life of the City for many years. They have been in business together as principals of Kummerfeld Associates, Inc. for 15 years, and currently have a substantial office at 70 East 55th Street. Kummerfeld Associates, Inc. is a venture capital firm, Mrs. Kummerfeld is the president of the corporation and her husband is chairman. The corporation has two full-time employees and a number of consultants who are employed with respect to specific transactions the firm is involved in. Annexed as Exhibit A hereto is a draft brochure which describes the corporation's business and the credentials of its principals.
- 8. Mrs. Kummerfeld is active in several charitable and civic organizations. She was a founder of The American Foundation for AIDS Research and served as a trustee of that organization for six years. She is active in the Monterey Institute Center for Non-Proliferation Studies and the Foundation for the Support of the United Nations.
- 9. In addition to their New York City apartment, which they rent, the Kummerfelds own a home on Cape Cod in Brewster Mass, which they have owned for 30 years. This house was recently appraised as having a reasonable market value of \$1.7 million. The house has a mortgage lien with an outstanding balance of approximately \$110,000. Attached as Exhibit B hereto are: (1) a copy of the appraisal, (2) a title report showing that the house is owned by Elizabeth and Donald Kummerfeld, and (3) a

- form 1098 from Security Federal Savings Bank in Brockton Massachusetts showing a mortgage balance of \$113,090.47 as of the end of 1999.
- 10. Mrs. Kummerfeld's daughter, Theodosia Whitney Kummerfeld, lives in Paris with her husband, John D. Brinitzer, Esq. and their 2 year old son Alexander. I understand that the Court cited this fact as a reason why Mrs. Kummerfeld might not return to this jurisdiction for trial. However, the Brinitzer/Kummerfelds are not permanent residents of Paris. Both Ms. Theodosia Kummerfeld and her husband are attorneys admitted to practice in New York. Mr. Brinitzer is a partner of Cleary, Gottlieb, Steen & Hamilton and was recently assigned to the firm's Paris office. Both he and his wife travel to the United States frequently and his assignment in Paris is part of the firm's normal rotation of partners to its Paris office. The mere circumstance that Mrs. Kummerfeld's daughter and son-in-law are temporarily residing in Paris is not sufficient proof that Mrs. Kummerfeld will not appear for trial when required to do so in this case.
- 11. Mrs. Kummerfeld has long standing roots in New York. Her daughter, who is an officer of this Court, is a signatory on Mrs. Kummerfeld's bail bond. Her husband is a co-signer on the bond. The mere pendency of charges is not enough to support a finding of risk of flight. U.S. v. Friedman, 837 F.2d 48, 50 (2nd Cir. 1988): "[W]e have required more than evidence of the commission of a serious crime and the fact of a potentially long sentence to support a finding of risk of flight." Even without the pledge of the Cape Cod home, there are no facts that indicate that Mrs. Kummerfeld presents a flight risk.
- 12. Mrs. Kummerfeld has faithfully attended all court appearances, even when not absolutely required to do so. She was in court on Friday October 13, when only the presence of counsel was required. I expect that she will be in Court on Monday October 23 when this motion is argued. I understand that she has attended all previous court conferences. She made no effort to resist or impede her arrest. In sum, she has been a fully cooperative defendant.

Restricting Kummerfeld's Foreign Travel is Overly Restrictive

- 13. Mrs. Kummerfeld's business and charitable activities involve frequent travel abroad and it is an unreasonable hardship to her to restrict her foreign travel. The purpose of the trip for which she seeks permission in the present motion is to attend the International Achievement Summit of the American Academy of Achievement in London, England. That meeting takes place from October 26 through October 29, 2000. Annexed as Exhibit C hereto is a letter of invitation from Wayne R. Reynolds, the president of the American Academy of Achievement together with the program for the meeting in London. Mrs. Kummerfeld then wishes to go to Paris to meet with key individuals important for next year's Summit and incidentally to visit her daughter and grandson. Copies of her airline tickets are annexed as Exhibit D hereto.²
- 14. Given that Mrs. Kummerfeld has long-standing roots in New York, that she has a substantial business here, that she and her husband own property in the United States, and that her daughter has a professional obligation to ensure her appearance in court when required, it is unduly restrictive to limit Mrs. Kummerfeld's foreign travel. Although it should not be necessary, the Kummerfelds are willing to pledge their Cape Cod home as security for Mrs. Kummerfeld's return for trial.
- 15. A similar request for permission to travel abroad was made on September 5, 2000. That request was denied. Annexed as Exhibit E hereto are copies

The letter also refers to planning meetings in September. These were the meetings with respect to which permission to travel to attend them was denied.

In opposing her prior application for permission to travel to a planning meeting of the American Academy of Achievement, the Government took exception to the fact that Mrs. Kummerfeld had purchased her tickets prior to obtaining permission to travel. There is nothing sinister or presumptuous in purchasing tickets in advance. I was told by Mrs. Kummerfeld that she purchases the tickets in advance to obtain a less expensive fare. The tickets can be returned for a refund with a small penalty which is still cheaper than buying tickets at the last minute. The Kummerfeld's booked tickets to connecting flights in Montreal because the total fare is considerably less expensive than flying direct from New York.

of the letter request of Mrs. Kummerfeld's prior attorney and the Government's response.

16. Mrs. Kummerfeld is entitled to a presumption that she is innocent and as a presumptively innocent person is entitled to enjoy her normal activities. There is absolutely no proof that could reasonably be found to indicate that she will not appear for her trial. Accordingly, on her behalf, I respectfully request that her passport be returned to her and that she be permitted to travel to Europe as set forth herein. Alternatively, I request that she be permitted to travel abroad on the condition that she and her husband pledge the Cape Cod property as security for her appearance at trial.

Executed on October 18, 2000

I certify under penalty of perjury that the foregoing is true and correct.

To Whom It May Concern:

I, Laurie P. Snowden-Lebel, President of Heritage Research Inc., a Massachusetts Corporation, hereby state that the Public Records at the Barnstable County Registry of Deeds have been examined. The Barnstable County Registry of Deeds records cover all of Barnstable County, Massachusetts. I have been asked by Attorney Richard Clarey to identify all encumbrances against Blizabeth Kummerfeld in Barnstable County, Massachusetts.

As of October 19, 2000 at 11:27 A.M there are no encumbrances, or liens such as Attachments, Federal Tax Liens and Commonwealth of Massachusetts Tax Liens, filed against Elizabeth Kummerfeld or any property Rlixabeth Kummerfeld may own in Barnstable County, Massachusetts.

My research at the Barnstable County Registry of Deeds included examining encumbrances against 19 Muskrat Lane, Brewster, Massachusetts. My research of the Public Records is limited to information on record at the Barnstable Registry of Deeds.

My examination ended at 11:27 A.M today, and was through Instrument No. #0064759. This instrument number is significant when you are examining the Grantee and Grantor records at the Barnstable County Registry of Deeds. This instrument number is easily identifiable.

If you should have any questions or comments, please do not hesitate to contact me directly or call the Barnstable Registry of Deeds Registrar John Meade at 508-362-7733.

tuly youns.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by under stimulus. Implicit in this idefinition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he considers his own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by selfers as a result of tradition or law in a market area; these costs are readily identifiable since the selfer pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgement.

STATEMENT OF LIMITING CONDITIONS AND APPRAISER'S CERTIFICATION

CONTINGENT AND LIMITING CONDITIONS: The appraiser's certification that appears in the appraisal report is subject to the following conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraises assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.
- 2. The appraiser has provided a sketch in the appraisal report to show approximate dimensions of the improvements and the sketch is included only to assist the reader of the report in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no quarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand.
- 5. The appraiser has estimated the value of the land in the cost approach at its highest and best use and the improvements at their contributory value. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used.
- 6. The appraiser has noted in the appraisal report any adverse conditions (such as, needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property or adverse environmental conditions (including the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, enteress or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an emisionmental assessment of the property.
- 7. The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- 8. The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice.
- 9. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that completion of the improvements will be performed in a workmanfile manner.
- 10. The appraiser must provide his or her prior written consent before the lender/client specified in the appraisal report can distribute the appraisal report (including conclusions about the property value, the appraisal's identity and professional designations, and references to any professional appraisal organizations or the firm with which the appraisal organizations; any state or federally approved financial institution; or any department, agency, or instrumentality of the United States or any state or the District of Columbia; except that the lender/client may distribute the property description section of the report only to data collection or reporting service(s) without traving to obtain the appraiser's prior written consent. The appraiser's written consent and approval must also be obtained before the appraisal can be conveyed by anyone to the public through advertising, public relations, news, sales, or other media.

ADDENDUM

SUBJECT PROPERTY

" COMPLETE SUMMARY APPRAISAL REPORT "

SITE

Legal Non-Conforming:

The improvements on the property do not conform to current zoning regulations. The subject is located in a RM District which has a square footage requirement of 60000 square feet and a minimum lot frontage requirement of 150°. It does not meet the guideline, but is an allowed use by a grandfather clause, in the event of loss by fire or other natural causes, the current improvements could be rebuilt without obtaining a zoning variance per the Town/City Building Department.

Highest & Best Use:

The highest and best use of the subject property " as vacant " and " as improved " are that of the subject's present use as a single family residential dwelling.

Hazardous Substances:

The value estimated in this report is based on the assumption that the property is not negatively affected by the existence of hazardous substances or detrimental environmental conditions. This appraisaer is not an expert in the identification of hazardous substances or detrimental environmental conditions. The appraiser's routine inspection of and inquiries about the subject property did not develop any information that indicated any apparent hazardous substances or detrimental environmental conditions which would affect the property negatively.

Overall Site Value:

The value of the site is greater than (+30%) of the total property value. This is common for this area. Some sales as well as offerings also indicate land values in excess of (+30%). This appraiser feels that the land value for the subject property is reasonable and normal.

SALES COMPARISON APPROACH

Sales Over 1 Mile:

In this appraiser's judgment, the tack of comparable sales in the subject neighborhood makes it necessary to use comparables that are situated over 1 mile away from the subject. These comparable sales were the best indicators of the subject's market value available at the time of this appraisal and were therefore used.

Sales Over 6 Months:

In this appraiser's judgment, the lack of comparable sales in the subject community makes it necessary to use comparables that are in excess of six months old. These comparable sales were the best indicators of the subject's market value available at the time of this appraisal and were therefore used.

Differing Styles:

In this appraiser's judgment, the lack of comparable sales in the subject neighborhood makes it necessary to use comparables of a slightly different style. These comparable sales were the best indicators of the subject market value available as of the effective date of this report and were therefore used.

ADDITIONAL COMMENTS

Appraisal Purpose:

This appraisal report is intended for use in a mortgage finance transaction only. It is not intended for any other purpose or use.

Digital Photos:

The digital photos have in no way been altered or modified.

Digital Signatures:

The signatures on this appraisal are digital signatures, which are computer generated and printed on the report. The appraisal was electronically transmitted to our office. The appraiser's signature is secured with a password which only the appraiser has access to. If any modifications were made on this appraisal, the signature would be eliminated.

The form of Certification has been approved by The Appraisal Foundation, located at 1029 Vermont Avenue, N.W., Suite 900, Washington D.C., 20005-3517. The Appraisal Foundation is authorized by Congress as the Source of Appraisal Standards and Appraiser Qualifications. This approval can be found in the Statement on Appraisal Standards number 8 (SMT-8) on Electronic Transmissions of Reports. This section regarding signed certification reads as follows:

Any software program used to electronically transfer a report must provide, at minimum, a digital signature security feature for all appraisers signing a report. The appraiser(s) should ensure the signature(s) are protected and that only the appraiser(s) maintain control of the signature. This control may be maintained by password (e.g. PIN numbers), hardware
